GERTRUDE SNOW,
Librarian.

To the Citizens of Conway:

The measuring stick used to record the value of our libraries is the circulation of its books and magazines. A

glance at the statistics printed below shows that the service of the Conway Public Library is appreciably multiplying.

	1915	1925	1935
Adult fiction,	5,066	5,905	13,430
Adult non-fiction,	562	530	1,707
Juvenile fiction,	2,761	2,740	3,087
Juvenile non-fiction,		331	671
Adult periodicals,		982	1,358
Juvenile periodicals,		231	279
	8,389	10,719	20,532

The increase in the library service and the events that have been of interest to its patrons are the result of the efficient work of the librarian, Miss Pollard. This year the library program included: The Self Improved Reading Course, supervised by the Home Demonstration Agent, Miss Alice Melindy; Water Color Exhibit by W. J. Leitch; Exhibit of Wooden Hobbies; Traveling Book Exhibit; July 8-20, the 15th N. H. Summer Library School; September 24, Neighborhood Meeting of Carroll County Librarians; November 18-23, Children's Book Week.

The Summer Library School was an event of state-wide interest, 16 full-time and 5 part-time students were enrolled from 18 towns. The Neighborhood Meeting was attended by 21 people from 6 towns. The Exhibit of Wooden Hobbies proved to be the most popular exhibit that the Library has sponsored.

The acquisition to good books is the first essential of creating and maintaining a progressive library. Valuable contributions of books from Mr. S. W. Norwood and the club women of Center Conway have helped the Center Conway Free Public Library give a better service to its patrons. Mr. Clarence E. Eastman, the Conway Woman's Club, Mrs. Ruth B. D. Horne and Mrs. Louise W. Potter have given valuable books to the Conway Public Library.

It was necessary this year to spend considerable money for repairs on the building at Conway. The floors in the

Reading Room and the Main Hall were refinished, and work was done on the roof and chimney. At the Center Conway Free Public Library the floor was repainted.

The public libraries of Conway have used to advantage the money that has been alloted to them, and they have gained a creditable rating among the libraries of New Hampshire. The maintenance of a progressive library service is an important unit of our government, and the citizens of Conway possess in their libraries a power of immeasurable value.

Respectfully submitted,

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Conway:

A very important duty of the school board is the preparation of the budget. Our budget for next year has been made on the basis of experience and knowledge of the requirements of the situation. No exactitude can be

claimed for any budget made at this time for a fiscal year ending June 30, 1937.

Economy is not, however, entirely a matter of budget making. Economy depends upon careful administration in the up-keep of property, and the securing of adequate educational opportunity at the lowest cost consistent with reasonable standards of service.

The following table shows an increase in number of pupils and a decreased per capita cost in a six-year period.

Year	*Number of pupils*	*Total School expenditure*	*Per Pupil cost*
1930	668	$57,920	$86
1931	684	56,433	83
1932	724	57,993	80
1933	714	51,990	73
1934	745	50,330	67
1935	729	51,708	70
1936	715	51,000 (estimate)	

It will be noted that the registration for the current year is 47 more than in 1930. The per capita cost in 1930 was $86 and last year was $70. No difference is made here between elementary and high school per pupil costs but both are taken together.

The median per pupil cost in the state last year for elementary pupils was $76. In Conway it was $60. The high school per capita cost in the state was $99 and in Conway it was $109. In comparing high school costs however it should be noted that many districts do not have the added expense of high school transportation.

In the matter of teachers' salaries these comparisons are of interest.

	Average Salary in State	*Average in Conway*
High school men teachers,	$1935	$1926
High school women	1369	1260
Elementary men	1397	1350
Elementary women	1093	850

The averages for the state are for the year ending last June and the averages for Conway are for the current year.

The proper up-keep of buildings of an estimated value of about $150,000 requires considerable annual expenditure. A sum for minor repairs adequate for routine expenses is made in the regular budget, but does not include expense of painting, roofing and replacement of outworn equipment. Last year an appropriation of $1250 was made for special repairs. This has been expended principally on these items: outside painting on north side of high school and inside painting of three rooms, a roofing job at North Conway, and a general renovation of the building at Redstone and of the primary room at Center Conway. A considerable amount of work was done sanding and dressing seats and furniture at the high school, at Redstone and at Center Conway. A suitable sanding machine has been acquired by the district and this work will be continued during the summer vacations.

The services of a music teacher and supervisor were secured this year and music has been taught in all schools including the high school. This service should be continued and the salary of a music teacher is included in the budget.

The burden of school support falls entirely upon property taxes. Other governmental activities and public services are financed wholly or in large part by ingenious systems of indirect taxation. The maintenance of good schools therefore demands faith and courage on the part of those who wish to give our children an adequate preparation for life. Each period of depression through which our country has passed has revealed the weakness of the prevailing method of school support. The property tax from which our schools derive most of their revenue has proved inadequate and unfair in every crisis. We should therefore demand larger equalization funds built up from some of these sources of indirect taxation for the relief

of the local burden of school support. The present system is unfair.

We wish to express our appreciation and thanks to Mr. C. I. Nash and the dissolved Livermore district for the gift of a motion picture machine, a post card projector and several pieces of school furniture.

Detailed information concerning Kennett High school will be found in a report by Headmaster E. W. McKeen which is being printed as a part of this report.

My thanks are due to the school board, the teachers and parents and citizens for their cooperation and help.

Respectfully submitted,

JOHN H. FULLER,
Superintendent.
